Attn: Rt 6A Business Owners
Rt 6A, Orleans, MA 02653

RE: Sewer installation on Rt 6A beginning Friday, 3/12/2021

Dear Rt 6A Business Owners,

Sewer work will begin March 12th on Rt 6A. Eastbound vehicular traffic will be allowed on Rt 6A only. Westbound vehicular traffic will be detoured around Old Colony Way.

Occasionally, it will be necessary to delay driveway access allowing for the new installation of sewer pipe and manholes. We intend to minimize delays and police details will be managing traffic flow.

Work will start at the intersection of Rt 6A/West Road and end at Cumberland Farms, 119 Rt 6A.

If you have any questions during the work, please contact Reggie Donoghue at 508-237-7161.

Maps and ongoing details can be found on the town web site home page, under Wastewater Infrastructure, Citizens-communications then Construction Activities and Detours, which is:

<https://www.town.orleans.ma.us/wastewater-infrastructure/citizens-communications/pages/construction-activities-and-detours>

Start Date: 3.12.2021

End Date: 4.16.2021

Thank you in advance for your cooperation and understanding as we work with the Town of Orleans on this major town initiative.

Sincerely,

Zach Ellis
Assistant Project Manager
