RE: March 2024 Updated E/One Pricing – Town of Orleans, MA

Dear Ms. Hunter,

Per your request we have updated the E/One pricing for the Town of Orleans to current day cost. We have also included pricing for additional models that seem to fit a number of applications that property owner and consulting engineers are requesting components for.

Model Number	Description	March 2024 Price
A.1 Pumps		
A.1.1 DH071-93 (Type A)	Simplex Station, 93" Tall 70 Gallon tank with Protect Plus Panel with generator receptacle. Installation Inspection/Start-up and 5-year included. Rated to 700 GPD	\$ 5,644.80
A.1.2 DH151-93 (Type B)	Simplex Station, 93" Tall 150 Gallon tank with Protect Plus Panel with generator receptacle. Installation Inspection/Start-up and 5-year included. Rated to 1,500 GPD	\$ 6,172.12
A.1.3 DH152-93	Duplex Station, 93" Tall 150 Gallon tank with Protect Plus Panel with generator receptacle. Installation Inspection/Start-up and 5-year included. Rated to 3,000 GPD	\$ 11,942.47
A.1.4 IH091 (Type D)	Indoor unit, simplex with 90 gallon tank. with Protect Plus Panel with generator receptacle. Installation Inspection/Start-up and 5-year warranty included. Rated up to 700 gpd.	\$ 4,833.23
A.1.5 DH272-92	Duplex Station, 92" Tall 270 Gallon tank with Protect Plus Panel with generator receptacle. Installation Inspection/Start-up and 5-year included. Rated for up to 5,000 GPD	\$ 25,572.35

SERVICE OPERATIONS

**9 Town Forest Rd
 Oxford, MA 01540**

A.1.6 WH484-92	Quadriplex Station, 92" Tall 486 Gallon tank with Quad Protect Plus Panel with generator receptacle. Installation Inspection/Start-up and 5-year included. Rated for up to 7,000 GPD	\$ 29,278.63
Ancillary Items		\$ -
A.2	Cost to Extend the 2 Year Warranty to 5 Years for Each Low-Pressure Sewerage Pump	\$ 1.00
A.3	Cost of Each Engineered Stainless-Steel Service Lateral Component	\$ 272.08
A.4	Cost for Each Pump Monitoring System	\$ 530.43
A.5	Cost for Each Anti-Buoyancy Device Bal-Last for DH071	\$ 360.58
A.6	Cost for Each Pump Core Replacement	\$ 2,500.99
A.7.	High Flood Configuration for Type A	\$ 262.05
A.7.	High Flood Configuration for Type B and DH152	\$ 262.05
A.8.	Insulation Disc for Freeze Protection	\$ 75.33
A.9	Remote Sentry - Alarm Unit in house Mounting	\$ 251.10

There has been a significant increase in material cost due to the COVID pandemic and inflation, but prices above reflect the current list price with the same multipliers that were used for the Feb 2020 bid.

Very truly yours,
 F.R. MAHONY & ASSOCIATES, INC.
